Follow the steps below to document your refund claim:

- Step 1. Provide a detailed explanation for the refund and include as much information as possible.
- Step 2. Provide relevant documents, i.e. copy of unaltered excel owner's statement(s) from websites, copy of lease(s) if applicable, copy of accounting records, such as journals that itemize rental receipts. These records must be provided to allow verification of gross, exempt, taxable, and tax collected amounts reported on the original tax return(s) filed; and to allow verification that the refund amount claimed was included in the tax paid with the original return(s). Accounting records for the refund are subject to audit.
- Step 3. Provide proof of exempt transactions, if applicable. Include copies of certificates of exemption, signed affidavits, copies of customer's blanket certificate of resale.
- Step 4. If tax was collected from the customer or lessee, provide a copy of the cancelled refund check (front and back) issued to the guest or lessee. **Note: We cannot approve a refund to a taxpayer until the taxpayer has provided proof of a refund to the guest or lessee first.**
