

Dear Community Leader,

Exciting news! We are prepping for this year's **Kids Tag Art Pinellas** program – where local fifth-grade students design unique front license plates to sell to the public as a means of fundraising for their classrooms. This program wouldn't be possible without the generous support of local businesses and organizations. **Are you looking to give back to your community in a big way?**

So, what is Kids Tag Art?

- A partnership between the Pinellas County Tax Collector, Pinellas County Schools, and community sponsors LIKE YOU!
- We raise money through sponsorships and student art sales – **100% of these proceeds are returned to participating art classrooms!**
 - Since the program began in 2015, we've raised over \$280,000!
- We give students the opportunity to become real designers, creating art that can be purchased by the public at kidstagartpinellas.org.
- We celebrate and award student winners through a juried competition and a formal awards ceremony each January.

Many teachers often go out of pocket for classroom supplies. Our goal is to help bridge that gap, support local art teachers and students, and foster creativity in our community. Kids Tag Art relies on **tax-deductible donations** from community partners to make this program a success. **Would you be willing to donate to help make this year's program possible?** We offer wonderful sponsorship benefits for each donation level – more details are included in this packet.

We are so grateful for what our sponsors allow us to accomplish each year – **giving hundreds of dollars or more to each local teacher who participates in the program.** This funding is used for supplies like paint, markers, aprons, sculpture wire, glass, craft paper, tessellation templates, digital art applications and supplies, and more. **Here's what some of our participating teachers had to say about last year's program:**

"This is an extremely well-run program that the 5th graders look forward to each year. I look forward to the additional funds this program brings back to the art room."

"I would encourage every single elementary art teacher in the county to participate in this amazing program."

"My 5th-grade students get the opportunity to use their imagination and creativity to really create something they can see in the real world. Some of these students wouldn't have that opportunity in any other Pinellas County program."

If you wish to support our program and our community, I encourage you to review the accompanying sponsor benefit details. Please reach out to our Kids Tag Art Team at kidstagart@taxcollect.com or at 727-464-3414 with any questions.

Sincerely,

Charles W. Thomas, CFC
Pinellas County Tax Collector
